Wright-Patterson AFB OH 45433-7126

SUBJECT: Delegation of AFPEO/AC Authorities

1. In accordance with the current Federal Acquisition Regulation (FAR) and its Supplements, I hereby delegate my authorities for the programs in my portfolio to individuals as set forth in the attachment.

2. I have also established clearance review requirements in that attachment.

3. The following restrictions apply to the authorities delegated.

a. You may only exercise these authorities as they apply to acquisitions being executed for the AFPEO/AC.

b. These delegations are effective for new actions as of the date of this memorandum and shall remain in effect, until rescinded or superseded by the AFPEO/AC, as long as they are consistent with enabling regulations.

c. Comply with the restrictions set forth in Defense FAR Supplement (DFARS) Subpart 201.4.

d. I may choose to retain any of the specific authorities enumerated above or issue specific instructions concerning how the authorities may be exercised on an exception basis.

e. Unless specifically stated, these authorities are not redelegable.

4. When you face special circumstances that you believe merit authorities outside these delegations, you are encouraged to present these issues to me for my consideration.

5. All other authorities for AFPEO/AC programs shall be in accordance with the current FAR and Supplements and can be found in summary format on the ASC/PK Approval & Authority Thresholds web page:

6. Prior delegations applicable to the programs that now comprise the AFPEO/AC portfolio are supersedes by these delegations.

7. For your convenience, I have also included some ACAT I program approval and redelegation information for which ASAF(A) is the approval authority.

8. My point of contact for these delegations is Mr. Jim Minch, ASC/PKAA, (937) 255-9409, DSN 785-9365, or e-mail james.minch@wpafb.af.mil.
