

INSTRUCTIONS FOR PREPARATION OF  
ELECTRONICALLY RECORDED DATA SUBMITTED TO THE  
DEFENSE CONTRACT ACTION DATA SYSTEM (DCADS)

Part 1 - Introduction

The purpose of this instruction is to establish a standard procedure for the automation and submission of procurement management reports required by DFARS 204.6. This will provide a standard format for use by those organizations specified in DFARS 204.670-1 in submitting these required reports.

For definitions of the data elements referenced in this instruction, See DFARS 253.204-70 and 253.204-71.

Part 2 - Instructions for Automating DD Form 350

This part contains instructions for the automation of Individual Procurement Action (DD Form 350) reports required by DFARS 204.670.

Instructions for Preparing Electronically Recorded DD Form 350 Actions, DD-A&T(M)1014.

a. General. An electronically recorded file, prepared as prescribed below, will be submitted to cover individual DD Form 350 transactions for each month (non-cumulative). Use UPPER CASE characters only. All reserved record positions must be blank. Electronic transmission of the data will be coordinated with WHS/DIOR.

(i) Electronically submitted files will follow the formatting instructions included in this document and file names will conform to WHS/DIOR requirements.

(ii) Enclosed with the file will be a summary showing dollar amounts and a record and action count of the number of records in the file. Number of actions will be derived from a count of DD Form 350's for transactions, except that each DD Form 350 with Code 1 in Item A1 (canceling entry) will be counted as minus one (-1). The net dollar amount of procurement will be derived from Item B7 and B8. The data records are described below. The length of the data record will be 400 characters.

(iii) Control totals referenced above may be submitted as a separate file or by facsimile to (703) 604-1514.

b. Data Record. This record will be as follows:
