

MEMORANDUM FOR ALL CONTRACTING PERSONNEL

FROM: WR-ALC/PKPB

SUBJECT: Deletion of AFMC FAR Supplement Coverage of Depot Maintenance Competition (DMC)

1. AFMC Acquisition Circular 94-4 dated 31 Jul 94 deleted Subpart 5317.95 entitled "Competition Between Public Activities And Private Sector Firms." As a result, all PKOI 70-41 policy guidance associated with this subpart must be re-evaluated for currency and applicability.

2. Some of the previously published guidance was partially or exclusively dedicated to postaward administration of workload assignments won through DMCs. Since this Center won six DMC awards which are still being performed, the postaward administration guidance is still applicable.

3. To avoid confusion, we are deleting all previous published guidance on DMCs and are republishing only that guidance which is relevant (at least in part) to existing administration of workload assignments. This letter should be filed in the AFMC FAR Supplement where Subpart 5317.95 used to be. The attachments to this letter should be filed behind FAR 17.

4. Our point of contact is Mary Ann Amacker, PKPB, 69006.
